

UP HERE BUSINESS PRESENTS:

UP HERE BUSINESS MAGAZINE'S ANNUAL Mining Extravaganza!

GET OUT FRONT WITH YOUR MESSAGE. JOIN UHB THIS FALL AS WE DIG DEEP INTO THE NORTHERN MINING SCENE—THE NEWS, THE PEOPLE, AND THE OUTLOOK.

TOP STORIES

- **A LITHIUM FUTURE?** Looking for an exciting exploration play in the North? Check out the little lithium-staking rush taking place southeast of Yellowknife. It's attracting international attention, and for good reason. Lithium demand is on a global major upswing. That's good news. But how far can the North run with it in the face of competitive forces on several fronts?
- **CRITICAL MINERALS.** There's a lot of money behind the push to develop new critical mineral resources. And the territories are ripe with exploration opportunities. *Up Here Business* tracks the known deposits of the sector's leading target minerals and reports on their status.
- **MINE RECLAMATION.** Mines live much longer lives than their productive years suggest. The dark history of reclamation work on northern projects is proof of that. But reclamation is also the future of the industry and its contribution to northern economies. We explore the state of reclamation work in the territories—and take a peek at emerging technologies that could create a new menu of best practices.

PLUS:

Major distribution at upcoming mining conferences—including NWT Geoscience, Nunavut Mining Symposium, Yukon Geoscience, PDAC, and more!

THAT'S NOT ALL...

- Jog your memories with our round-up of the top mining news stories from 2023.
- Learn more about top newsmakers and innovative ideas.
- Meet the people who are making major contributions to the North's most significant business sector.

WAIT. THERE'S MORE!

Every issue of *Up Here Business* is chock full of interviews, analysis, and news. Our columnists offer sharp perspectives on economic issues of the day and provide news-you-can-use analysis on issues of tax and business law as well as insights on the nature of northern business and economy.
